

Clustering varies, conditioned on weight type

Weight type varies, conditioned on clustering method

Legend for Clustering Methods (Top Row):

- k-Means (orange circle)
- k-Medoids (orange triangle)
- Hierarchical (brown square)
- Chronological (pink plus)
- Dirac (purple circle)
- Convex (blue triangle)

Legend for Clustering Methods (Bottom Row):

- Convex (blue square)
- Convex with 0 (green asterisk)
- Conic (blue diamond)
- Sub-unit (teal square)
- Conic (green diamond)
